Looking for a different kind of Implant lecture experience? Dr. Ken Hebel uses the latest techniques of computer-generated slides, animation and video to bring to life the core concepts of everyday dental practice. His goal is to provide exciting, leading-edge, useful information to stimulate higher quality and higher production for every attendee.

- determines tooth preparation and the need for crown lengthening
- Learn how to develop and present an effective consultation
- Learn what motivates patients to say “yes” to treatment plans

Attendees will receive:

- Nobel Biocare literature
- Certificate of attendance
- Continental breakfast, lunch and refreshments
- 6 C.E. credits
